

PROBLEM SOLVER

Many Customers Have Experienced The Following:

DRUMMOND™
A LAWSON BRAND

PROBLEM:

Removing heavy deposits of grease, grime, soot, resin, oil, baked-on carbon, dye and inks

- Using cleaners with harsh petroleum or chlorinated solvents
- Weak cleaners that require more time and energy
- Cleaners that leave a film behind

SOLUTION:

Drummond's Keynote Heavy-Duty Cleaner

- Breaks down and emulsifies greasy dirt and oils for quick and easy removal
- Free-rinsing – won't redeposit soil – suspended soil washes away. Surfaces rinse film-free
- Formulated without phosphates
- Concentrated formula works every time – dilute 5:1 for heavy-duty applications

“Let me show you how it works”

Attacks and wipes out the toughest dirt and grime

APPLICATIONS:
