

PROBLEM SOLVER

Many Customers Have Experienced The Following:

DRUMMOND™
A LAWSON PRODUCTS BRAND

PROBLEM:

Bad odors from mildew, pet urine, organic rot and smoke

- Heavily soiled areas and mildew odors in carpets
- Smelly drains, drain lines and grease traps
- Urine stains and odors in restrooms and on carpeting
- Smoke damage and odors on fabrics, carpets and other surfaces

SOLUTION:

Drummond™ Nix Biological Odor Control Treatments

- Doesn't just mask odors – a combination of live bacteria and enzymes attacks odor-causing substances and destroys them
- Works great in drain lines, septic tanks, sump pumps, wet wells, grease traps, dumpsters, carpets and more
- Eliminates urine odors and stains, vomit, and other organic sources of foul odors
- Works on porous and non-porous surfaces and helps eliminate bad odors from smoke damage

“Let me show you how it works”

Contains bacteria and enzymes to break down odor-causing substances

APPLICATIONS:

- Drain lines, grease traps, septic tanks, portable toilets and sewers
- Carpet spotting and pre-extraction
- Dumpsters and garbage cans
- Laundry pre-wash
