

PROBLEM SOLVER

Many Customers Have Experienced The Following:

DRUMMOND™
A LAWSON PRODUCTS BRAND

PROBLEM:

Clogged or slow-running drain lines

- Dissolving clogs
- Drain openers with a harsh chemical odor
- Using dangerous acids or bleach
- Damaging pipes or fittings

SOLUTION:

Drummond™ So-Drox Liquid Drain Opener and Sewer Line Restorer

- Quickly emulsifies the toughest grease, chews through vegetable and meat refuse, and dissolves hair rapidly
- No harsh chemical odor – leaves a pleasant lemon scent
- Contains 40% sodium hydroxide – bleach isn't used as a filler ingredient
- Will not harm plastic or metal pipes, rubber fittings, porcelain, or septic tanks

“Let me show you how it works”

Attacks clogs to restore drain lines to full-flow capacity
