

PROBLEM SOLVER

Many Customers Have Experienced The Following:

DRUMMOND™
A LAWSON PRODUCTS BRAND

PROBLEM:

Keeping drain lines and grease traps free-flowing

- Constantly cleaning grease traps
- Excessive cost of rodding out clogged pipes
- Ordinary drain openers that contain harsh acid or caustic ingredients
- Unpleasant odors in drains and grease traps

SOLUTION:

Drummond™ Zymox Bacteria and Enzyme Waste Digester

- Helps prevent clogs and blockages by chewing through organic waste without acids or caustics
- Dissolves grease and reduces clogging
- Reduces cleanouts and emergency service calls
- Contains millions of safe, non-pathogenic bacteria that digest grease quickly now and over time
- Effective odor counteractant and digester

“Let me show you how it works”

Prevents clogs and increases biological activity

APPLICATIONS:

- Grease traps
- Septic tanks
- Drains
- Sludge lagoons and ponds
- Lift stations and wet wells
