

Safety Data Sheet

Issue date 19-Oct-2018

Revision date 19-Oct-2018

Revision Number 1

1. IDENTIFICATION

Product identification

Product identifier	Mounting Tape, Double-Face (Hi-Tack)
Other means of identification	P49523
Recommended use	Tape
Restrictions on use	For industrial use only

Supplier

Corporate Headquarters:
Lawson Products, Inc.
8770 W. Bryn Mawr Ave., Suite 900
Chicago, IL 60631
(866) 837-9908

Canadian Distribution Center:
Lawson Canada
7315 Rapistan Court
Mississauga, ON L5N 5Z4
(800) 323-5922

24 Hour Emergency Phone Number (888) 426-4851 (Prosar)

2. HAZARD(S) IDENTIFICATION

Hazard Classification While this material is not classified as hazardous under OSHA regulations, this SDS contains valuable information critical to the safe handling and proper use of this product. This SDS should be retained and available for employees and other users of this product.

Symbol Not applicable

Signal word Not applicable

Hazard statements Not applicable

Precautionary statements

Response Not applicable

Storage Not applicable

Disposal Not applicable

Hazard(s) Not Otherwise Classified (HNOC) None known.

Physical Hazards Not Otherwise Classified (PHNOC)	None known.
Unknown acute toxicity	No information available

3. COMPOSITION/INFORMATION ON INGREDIENTS

Composition	This product is classified as an "article" according to Title 29 of the Code of Federal Regulations, OSHA Part 1910.1200. "Article means a manufactured item other than a fluid or particle, which is formed to a specific shape or design during manufacture which has end use function dependent in whole or in part upon its shape or design during end use, and which under normal conditions of use does not release more than very small quantities or trace amounts of a hazardous chemical, and does not pose a physical hazard or health risk to employees."
--------------------	---

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or environment and hence require reporting in this section

4. FIRST-AID MEASURES

Necessary first-aid measures Under normal conditions of intended use, this product does not pose a risk to health.

Inhalation	Not a likely exposure route.
Ingestion	Not an expected route of exposure.
Skin contact	Not expected to present a significant hazard under anticipated conditions of normal use.
Eye contact	Not a likely route of exposure.
Most important symptoms (acute)	No hazards which require special first aid measures.
Most important symptoms (over-exposure)	No known significant effects or critical hazards.
Indication of any immediate medical attention and special treatment needed	Not applicable.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	Carbon dioxide (CO ₂). Dry powder.
Unsuitable extinguishing media	None known.
Specific hazards	No specific fire or explosion hazard.
Special protective equipment for fire-fighters	As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and	Not applicable.
---	-----------------

emergency procedures**Methods and materials
for containment and
cleaning up**

Reclaim into containers for reuse, recycle, or proper disposal.

7. HANDLING AND STORAGE**Precautions for
safe handling**

No special handling procedures needed.

**Conditions for safe
storage, including any
incompatibilities**

No known incompatibilities. No special storage conditions required.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION**Control parameters**

Not applicable

**Appropriate engineering
controls**

Not relevant for the product itself.

**Individual protection measures,
such as personal protective
equipment****Eye protection**

Avoid contact with eyes.

Hearing Protection

Use hearing protection if operations are noisy.

Skin and body protection

No special technical protective measures are necessary.

Respiratory protection

None under normal use. Avoid breathing vapors. In restricted areas, use approved chemical/mechanical filters designed to remove a combination of particles and vapors. In confined areas, use an approved air line respirator or hood. Self-contained breathing apparatus is required for vapor concentrations above PEL/TLV limits.

Hygiene measures

Handle in accordance with good industrial hygiene and safety practice.

**Canadian Province Occupational
Exposure Limits**

Not applicable

9. PHYSICAL AND CHEMICAL PROPERTIES**Physical state**

Solid

Odor threshold

Not applicable

Melting point/range °C

Not applicable

Melting point/range °F

Not applicable

Boiling point/range °C

Not applicable

Boiling point/range °F

Not applicable

Evaporation rate

Not applicable

Flammability (Solid, Gas)

Not classified

Lower explosion limit	Not applicable
Upper explosion limit	Not applicable
Vapor pressure	Not applicable
Vapor density	Not applicable
Relative density	Not applicable
Solubility	nil
Partition coefficient (n-octanol/water)	Not applicable
Autoignition temperature °C	Not applicable
Autoignition temperature °F	Not applicable
Decomposition temperature °C	Not applicable
Decomposition temperature °F	Not applicable
Viscosity	Not applicable

10. STABILITY AND REACTIVITY

Reactivity	No dangerous reactions under normal conditions of use.
Chemical stability	This material is considered stable.
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Conditions to avoid	None known.
Incompatible materials	None known based on information supplied.
Hazardous decomposition products	Hydrocarbons. Carbon dioxide (CO ₂). Carbon monoxide.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure	Not applicable.
Symptoms	Eye and skin irritant.
Delayed and immediate effects as well as chronic effects from short and long-term exposure	No known significant effects or critical hazards.
Numerical measures of toxicity	Not applicable
ATEmix (dermal)	Not available
ATEmix (oral)	Not available

ATEmix (inhalation-gas) Not available

ATEmix (inhalation-vapor) Not available

ATEmix (inhalation-dust/mist) Not available

Carcinogenicity Not available

**Canadian Province
carcinogenicity limits**

12. ECOLOGICAL INFORMATION

Ecotoxicity Not available

Persistence and degradability Not available.

Bioaccumulation Not available

Mobility in soil This product is not mobile in the soil.

Other adverse effects No known significant effects or critical hazards.

13. DISPOSAL CONSIDERATIONS

Disposal information Dispose of in a sanitary landfill.

Contaminated packaging Dispose in accordance with local, state and federal regulations.

14. TRANSPORTATION INFORMATION

Shipping Descriptions

DOT
Proper shipping name Not regulated

TDG
Proper shipping name Not regulated

IATA
Proper shipping name Not regulated

IMDG/IMO
Proper shipping name Not regulated

Marine Pollutants

Special Precautions Multi-modal shipping descriptions are provided for informational purposes and do not consider container size. The presence of a shipping description for a particular mode of transport (sea, air, etc.), does not indicate that the product is packaged suitably for that mode of transport. All packaging must be reviewed for suitability prior to shipment, and compliance with the applicable regulations is the sole responsibility of the person offering the product for transport. People loading and unloading dangerous goods must be trained on all of the risks deriving from the substances and on all actions in case of emergency situations.

15. REGULATORY INFORMATION

State regulations

U.S. state Right-to-Know regulations Not available

California Prop. 65 WARNING: This product contains a chemical(s) known to the state of California to cause cancer, birth defects or other reproductive harm

U.S. Federal Regulations

US EPA SARA 313 This product contains no listed chemicals subject to reporting

US EPA SARA 311/312 hazardous categorization Not applicable

International inventories All components of this product are listed on the following inventories: U.S.A. (TSCA 8(b)), Canada (DSL/NDSL) or are exempt.

16. OTHER INFORMATION**NFPA**

Health	0
Flammability	1
Instability	0

HMIS

Health	0
Flammability	1
Physical hazards	0

Notice: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS® ratings are not required on SDSs under 29 CFR 1910.1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered mark of the National Paint & Coatings Association (NPCA).
